Tentative assignment of new identifier : nha (completed by Registration Authority)

Do not be concerned about your responses causing the form text spacing or pagination to change. Use Shift-Enter to insert a new line in a form field (where allowed)

1. NAMES and IDENTIFICATION

   a) Preferred name of language for code element denotation:
      Nhanda

   b) Autonym (self-name) for this language:

   c) Alternate names and spellings of language, and any established abbreviations:
      Nhanta, Nanda

   d) Reason for preferred name:
      Spelling used most prominently in research literature

   e) Name of ethnic group or description of people who use this language and approximate population of
      users, if in use today:
      Nhanda. Very few speakers or semi-speakers.

   f) Preferred three letter identifier, if available:
      Your suggestion will be taken into account, but the Registration Authority will determine the identifier to be proposed. Language
      identifiers are not intended to be an abbreviation for a name of the language, but to serve as a device to identify a given language
      uniquely. With thousands of languages, many sets of which have similar names, it is not possible to provide identifiers that resemble
      a language name in every case.

2. TEMPORAL DESCRIPTION and LOCATION

   a) Is this a
      □ Living language
      ☑ Nearly extinct/secondary use only (includes languages in revival)
      □ Recently extinct language
      □ Historical language

Request for New Language Code Element in ISO 639-3, page 1
Ancient language
Artificially constructed language
(Select one. See explanations of these types at http://www.sil.org/iso639%2D3/types.asp)

b) Countries where used:
   Australia

c) Region within each country: towns, districts, states or provinces where used:
   Western Australia, coastal strip between Geraldton and the Murchison River

d) For an ancient or historical language, give approximate time frame; for a recently extinct language, give the approximate date of the last known user’s death

3. MODALITY AND LINGUISTIC AFFILIATION
   a) This language is: ☐ Signed    ☒ Spoken    ☐ Attested only in writings
   b) Language family, if classified; origin, if artificially constructed:
      Pama-Nyungan
   c) Closest language linguistically. For signed language, note influence from other signed or spoken languages:
      Kartu languages or Thura-Yura languages

4. LANGUAGE DEVELOPMENT AND USE
   a) What written literature, inscriptions or recordings exist in this language? Are there newspapers, radio or television broadcasts, etc.?:
      None, apart from elicitation recordings from research
   b) Is this language officially recognized by any level of government? Is it used in any levels of formal education as a language of instruction (for other subjects)? Is it taught in schools?:
      No
   c) Comment on factors of ethnolinguistic identity and informal domains of use:
5. SOURCES OF INFORMATION

You do not need to repeat sources previously identified in the form, “Request for Change to ISO 639-3 Language Code”

a) First-hand knowledge. Describe:

b) Knowledge through personal communication. Describe:

c) Knowledge from published sources. Include known dictionaries, grammars, etc. (please give complete bibliographical references):

Please return this form to:

ISO 639-3 Registrar
SIL International, Office of Language Information Systems
7500 West Camp Wisdom Road
Dallas, Texas 75236 USA
Email: iso639-3@sil.org
An email attachment of this completed form is preferred.

Further information:

If your request for a new language code element is supported by the Registration Authority as a formal proposal, you may be contacted separately by researchers working with the Ethnologue or with LinguistList asking you to provide additional information.
