Do not be concerned about your responses causing the form text spacing or pagination to change. Use Shift-Enter to insert a new line in a form field (where allowed)

1. NAMES and IDENTIFICATION

a) Preferred name of language for code element denotation:
   Enu

b) Autonym (self-name) for this language:

c) Alternate names and spellings of language, and any established abbreviations:
   Ximoluo

d) Reason for preferred name:
   Enu is the name chosen by the Chinese scholars who have written articles on the
   language. Ximoluo is an exonym given to Enu by other Hani peoples. We don’t know if it it
   is pejorative or not. (SMN 1990).

e) Name of ethnic group or description of people who use this language and approximate population of
   users, if in use today:
   Hanii

f) Preferred three letter identifier, if available: [enu]

Your suggestion will be taken into account, but the Registration Authority will determine the identifier to be proposed. Language
identifiers are not intended to be an abbreviation for a name of the language, but to serve as a device to identify a given language
uniquely. With thousands of languages, many sets of which have similar names, it is not possible to provide identifiers that resemble
a language name in every case.

2. TEMPORAL DESCRIPTION and LOCATION

a) Is this a
   
   [x] Living language
   [ ] Nearly extinct/secondary use only (includes languages in revival)
   [ ] Recently extinct language
   [ ] Historical language
