1. NAMES and IDENTIFICATION
   a) Preferred name of language for code element denotation:
      Tawandê
   b) Autonym (self-name) for this language:
   c) Common alternate names and spellings of language, and any established abbreviations:
      Tawaiendê, Da'wan'du
   d) Reason for preferred name:
      This is the name used by most researchers when referring to this group.
   e) Name and approximate population of ethnic group or community who use this language:
      The exact number of speakers of this language is not known. They are a small group that live with the Sabanê, another Indigenous group.
   f) Preferred three letter identifier, if available:

Your suggestion will be taken into account, but the Registration Authority will determine the identifier to be proposed. The identifiers is not intended to be an abbreviation for a name of the language, but to serve as a device to identify a given language uniquely. With thousands of languages, many sets of which have similar names, it is not possible to provide identifiers that resemble a language name in every case.

2. TEMPORAL DESCRIPTION and LOCATION
   a) Is this a
      □ Living language
      ✔ Nearly extinct/secondary use only (includes languages in revival)
      □ Recently extinct language
      □ Historical language
      □ Ancient language
      □ Artificially constructed language
      □ Macrolanguage
(Select one. See explanations of these types at http://www.sil.org/iso639-3/types.asp)

b) Countries where used:
   Brazil

c) Region within each country: towns, districts, states or provinces where used. Include GPS coordinates of the approximate center of the language, if possible:
   The speakers of Tawandê live with the Sabanê Indigenous group in the village of Pyrineus de Souza (Aroeira). This village is near the town of Vilhena in the state of Rondonia in Brazil.

d) For an ancient or historical language, give approximate time frame; for a recently extinct language, give the approximate date of the last known user’s death

3. MODALITY AND LINGUISTIC AFFILIATION
   a) This language is: ☐ Signed    ☑ Spoken    ☐ Attested only in writings

   b) Language family, if classified; origin, if artificially constructed:
      Nambiquaran, Northern (note, Northern is a new level in the language classification paradigm).

   c) Closest language linguistically. For signed language, note influence from other signed or spoken languages:
      Lakondê and Latundê are the closest languages. It is also close to Mamaindê, but Latundê, Lakondê, and Tawandê form a close cluster that Mamaindê does not fit. These three form a group or cluster that originated from the Roosevelt River area, but the Mamaindê and its dialect groups form a cluster that originated in the Guaporé River area.

4. LANGUAGE DEVELOPMENT AND USE
   a) What written literature, inscriptions or recordings exist in this language? Are there newspapers, radio or television broadcasts, etc.?:
      No literature.

   b) Is this language officially recognized by any level of government? Is it used in any levels of formal education as a language of instruction (for other subjects)? Is it taught in schools?:

   c) Comment on factors of ethnolinguistic identity and informal domains of use:

5. SOURCES OF INFORMATION
   You do not need to repeat sources previously identified in the form, “Request for Change to ISO 639-3 Language Code”
a) First-hand knowledge. Describe:

b) Knowledge through personal communication. Describe:
   Personal communication (email dated May 16, 2007) from Dr. Stella Telles confirming her position that Tawandê should be considered as a separate language from all the other Northern Nambiquara languages.

c) Knowledge from published sources. Include known dictionaries, grammars, etc. (please give complete bibliographical references):
