1. NAMES and IDENTIFICATION

   a) Preferred name of language for code element denotation:
      Silt'e

   b) Autonym (self-name) for this language:
      Silt'e

   c) Common alternate names and spellings of language, and any established abbreviations:
      Selti, Silti, East Gurage

   d) Reason for preferred name:
      It is the self-name of the language group for their language.

   e) Name and approximate population of ethnic group or community who use this language (complete individual language currently in use):
      Silt'e. Approximate population size to date: 1 million

   f) Preferred three letter identifier, if available: STE

Your suggestion will be taken into account, but the Registration Authority will determine the identifier to be proposed. The identifiers is not intended to be an abbreviation for a name of the language, but to serve as a device to identify a given language uniquely. With thousands of languages, many sets of which have similar names, it is not possible to provide identifiers that resemble a language name in every case.

2. TEMPORAL DESCRIPTION and LOCATION

   a) Is this a
      ☑ Living language
      □ Nearly extinct/secondary use only (includes languages in revival)
      □ Recently extinct language
      □ Historical language
      □ Ancient language
      □ Artificially constructed language
      □ Macrolanguage
