PLEASE NOTE: This completed form will become part of the public record of this change request and the history of the ISO 639-3 code set. Use Shift-Enter to insert a new line in a form field (where allowed).

1. NAMES and IDENTIFICATION

   a) Preferred name of language for code element denotation:
      Kwinsu

   b) Autonym (self-name) for this language:
      Kwinsu

   c) Common alternate names and spellings of language, and any established abbreviations:
      Ansudu

   d) Reason for preferred name:
      The speakers of this language said that there language name is Kwinsu, and that this is the name they want to have used for their language. Outsiders use the name "Ansudu" for this language, which is the name of the village where this language is spoken.

   e) Name and approximate population of ethnic group or community who use this language (complete individual language currently in use):
      The name of the ethnic group is Kwinsu and the number of speakers who use this language is 495.

   f) Preferred three letter identifier, if available:
      
      Your suggestion will be taken into account, but the Registration Authority will determine the identifier to be proposed. The identifiers is not intended to be an abbreviation for a name of the language, but to serve as a device to identify a given language uniquely. With thousands of languages, many sets of which have similar names, it is not possible to provide identifiers that resemble a language name in every case.

2. TEMPORAL DESCRIPTION and LOCATION

   a) Is this a
      ☑ Living language
      ☐ Nearly extinct/secondary use only (includes languages in revival)
      ☐ Recently extinct language
      ☐ Historical language
      ☐ Ancient language
Artificially constructed language

[ ] Macrolanguage

(Select one. See explanations of these types at http://www.sil.org/iso639-3/types.asp)

For individual languages, also complete:

b) Countries where used:
   Indonesia

c) Region within each country: towns, districts, states or provinces where used. Include GPS coordinates of the approximate center of the language, if possible:
   Province of Papua, Sarmi Regency, Pantai Timur Subdistrict, village of Ansudu. GPS Coordinates: 02 degrees 08.565' South, 139 degrees 20.760' East

d) For an ancient or historical language, give approximate time frame; for a recently extinct language, give the approximate date of the last known user’s death

3. MODALITY AND LINGUISTIC AFFILIATION

a) This language is: [ ] Signed     [x] Spoken     [ ] Attested only in writings

b) Language family, if classified; origin, if artificially constructed:
   This language has not been classified, but since there is such a high similarity with Kwesten, Dabe, Betaf, Bonerif and Keder, it is highly likely that this language would have the same classification (Trans-New Guinea, Northern, Tor, Tor).

c) Closest language linguistically. For a Macrolanguage, list the individual languages (adopted and/or proposed) to be included in its group. For signed language, note influence from other signed or spoken languages:
   Closest to Betaf (58% apparent lexical similarity).

4. LANGUAGE DEVELOPMENT AND USE

a) What written literature, inscriptions or recordings exist in this language? Are there newspapers, radio or television broadcasts, etc.?:
   none

b) Is this language officially recognized by any level of government? Is it used in any levels of formal education as a language of instruction (for other subjects)? Is it taught in schools?:
   As far as we know this language is not officially recognized by any level of government. It is not used in any levels of formal education as a language of instruction, nor is it taught in schools.
c) Comment on factors of ethnolinguistic identity and informal domains of use:
