Names, affiliations and email addresses of additional supporters of this request:

Associated Change request number : 2009-041

(completed by Registration Authority)

Tentative assignment of new identifier : bdf

(completed by Registration Authority)

PLEASE NOTE: This completed form will become part of the public record of this change request and the history of the ISO 639-3 code set. Use Shift-Enter to insert a new line in a form field (where allowed).

1. NAMES and IDENTIFICATION

- a) Preferred name of language for code element denotation:
Biage
- b) Autonym (self-name) for this language:
Biage
- c) Common alternate names and spellings of language, and any established abbreviations:
- d) Reason for preferred name:
All Biage speakers agree this is an acceptable name for their language.
- e) Name and approximate population of ethnic group or community who use this language (complete individual language currently in use):
Biage people, population 1098 (2000 data)
- f) Preferred three letter identifier, if available: bgh

Your suggestion will be taken into account, but the Registration Authority will determine the identifier to be proposed. The identifier is not intended to be an abbreviation for a name of the language, but to serve as a device to identify a given language uniquely. With thousands of languages, many sets of which have similar names, it is not possible to provide identifiers that resemble a language name in every case.

2. TEMPORAL DESCRIPTION and LOCATION

- a) Is this a
