1. NAMES and IDENTIFICATION
   a) Preferred name of language for code element denotation:
      Chin, Kaang
   b) Autonym (self-name) for this language:
      Chin, Kaang
   c) Common alternate names and spellings of language, and any established abbreviations:
      Kang, Kyuk-tu, Mkan, Mgan
   d) Reason for preferred name:
      The majority of the Kaang call themselves Kaang.
   e) Name and approximate population of ethnic group or community who use this language (complete individual language currently in use):
      The Kaang Chin community has approximately 4-5 villages in Mindat Township. Speaker population is unknown, but is estimated to be less than 1,000.
   f) Preferred three letter identifier, if available: cka

Your suggestion will be taken into account, but the Registration Authority will determine the identifier to be proposed. The identifiers is not intended to be an abbreviation for a name of the language, but to serve as a device to identify a given language uniquely. With thousands of languages, many sets of which have similar names, it is not possible to provide identifiers that resemble a language name in every case.
