(completed by Registration Authority)

PLEASE NOTE: This completed form will become part of the public record of this change request and the history of the ISO 639-3 code set. Use Shift-Enter to insert a new line in a form field (where allowed).

1. NAMES and IDENTIFICATION

- a) Preferred name of language for code element denotation:

Barikewa

- b) Autonym (self-name) for this language:

Barikewa

- c) Common alternate names and spellings of language, and any established abbreviations:

lba

- d) Reason for preferred name:

This is the name used by most speakers of the language.

- e) Name and approximate population of ethnic group or community who use this language (complete individual language currently in use):

Name of ethnic group: Kaser. Population of Barikewa speakers: 320

- f) Preferred three letter identifier, if available: jtb

Your suggestion will be taken into account, but the Registration Authority will determine the identifier to be proposed. The identifier is not intended to be an abbreviation for a name of the language, but to serve as a device to identify a given language uniquely. With thousands of languages, many sets of which have similar names, it is not possible to provide identifiers that resemble a language name in every case.

2. TEMPORAL DESCRIPTION and LOCATION

- a) Is this a

Living language

Nearly extinct/secondary use only (includes languages in revival)

Recently extinct language

Historical language

Ancient language

Artificially constructed language

Macrolanguage

(Select one. See explanations of these types at <http://www.sil.org/iso639%2D3/types.asp>)

For individual languages, also complete:

- b) Countries where used:
Papua New Guinea

- c) Region within each country: towns, districts, states or provinces where used. Include GPS coordinates of the approximate center of the language, if possible:
Gulf Province: S7.09739 E143.99279

- d) For an ancient or historical language, give approximate time frame; for a recently extinct language, give the approximate date of the last known user's death

3. MODALITY AND LINGUISTIC AFFILIATION

- a) This language is: Signed Spoken Attested only in writings

- b) Language family, if classified; origin, if artificially constructed:
Turama-Omatian

- c) Closest language linguistically. For a Macrolanguage, list the individual languages (adopted and/or proposed) to be included in its group. For signed language, note influence from other signed or spoken languages:
Ikobi (46% lexicostatistic similarity)

4. LANGUAGE DEVELOPMENT AND USE

- a) What written literature, inscriptions or recordings exist in this language? Are there newspapers, radio or television broadcasts, etc.?:
no

- b) Is this language officially recognized by any level of government? Is it used in any levels of formal education as a language of instruction (for other subjects)? Is it taught in schools?:
no

- c) Comment on factors of ethnolinguistic identity and informal domains of use:
Barikewa is used in the home domain, for legal matters, during traditional events, and for prayer.
