ISO 639-3 Registration Authority
Request for New Language Code Element in ISO 639-3

This form is to be used in conjunction with a “Request for Change to ISO 639-3 Language Code” form

Date: 2011-8-17

Name of Primary Requester: Anthony Aristar, head of the MultiTree Project

E-mail address: multitree at linguistlist dot org

Names, affiliations and email addresses of additional supporters of this request:
Claire Bowern (claire.bowern at yale dot edu)

Associated Change request number : 2012-007
Tentative assignment of new identifier : wnn

PLEASE NOTE: This completed form will become part of the public record of this change request and the history of the ISO 639-3 code set. Use Shift-Enter to insert a new line in a form field (where allowed).

1. NAMES and IDENTIFICATION
   a) Preferred name of language for code element denotation:
      Wunumara
   b) Autonym (self-name) for this language:
   c) Common alternate names and spellings of language, and any established abbreviations:
      Wunamara, Woonamurra, Woonomurra, Unamara, Oonoomurra, Quippen-bura.
   d) Reason for preferred name:
      Documented as such by Dr. Bowern, AUSTLANG, ATSIDA, and other publications.
   e) Name and approximate population of ethnic group or community who use this language (complete individual language currently in use):
      AUSTLANG does not have any speaker information, it is assumed that this language is extinct (2011).
   f) Preferred three letter identifier, if available: wnn

Your suggestion will be taken into account, but the Registration Authority will determine the identifier to be proposed. The identifiers is not intended to be an abbreviation for a name of the language, but to serve as a device to identify a given language uniquely. With thousands of languages, many sets of which have similar names, it is not possible to provide identifiers that resemble a language name in every case.

2. TEMPORAL DESCRIPTION and LOCATION
   a) Is this a
      - Living language
      - Nearly extinct/secondary use only (includes languages in revival)
      - Recently extinct language
      - Historical language
      - Ancient language
      - Artificially constructed language
      - Macrolanguage
(Select one. See explanations of these types at http://www.sil.org/iso639-2D3/types.asp)

For individual languages, also complete:

b) Countries where used:
   Australia

c) Region within each country: towns, districts, states or provinces where used. Include GPS coordinates of the approximate center of the language, if possible:
   AusAnthrop lists the following locations as associated with the language: Queensland: Cambridge Downs; Cloncurry; Dalganally; Flinders River; Kynuna; Richmond; Williams River.

   AUSTLANG cites the following as associated with the language: Headwaters of Flinders River, east to Richmond; south to the Divide and to Kynuna; west to the Williams River near Cloncurry; north to Cambridge Downs and Dalganally (Tindale 1974).

   Bowern (2010) provides exact centroid coordinates of the area where this is spoken:
   (Latitude: -21.130622, Longitude: 141.745262)

   To view on a map where this is located, please visit Dr. Bowern's website:

d) For an ancient or historical language, give approximate time frame; for a recently extinct language, give the approximate date of the last known user’s death
   Unknown

3. MODALITY AND LINGUISTIC AFFILIATION

a) This language is: □ Signed               ☑ Spoken               □ Attested only in writings

b) Language family, if classified; origin, if artificially constructed:
   Pama-Nyungan, Mayi

c) Closest language linguistically. For a Macrolanguage, list the individual languages (adopted and/or proposed) to be included in its group. For signed language, note influence from other signed or spoken languages:

4. LANGUAGE DEVELOPMENT AND USE

a) What written literature, inscriptions or recordings exist in this language? Are there newspapers, radio or television broadcasts, etc.?:
   Unknown
b) Is this language officially recognized by any level of government? Is it used in any levels of formal education as a language of instruction (for other subjects)? Is it taught in schools?:
   Unknown

c) Comment on factors of ethnolinguistic identity and informal domains of use:
   Unknown
SOURCES OF INFORMATION

You do not need to repeat sources previously identified in the form, “Request for Change to ISO 639-3 Language Code”

a) First-hand knowledge. Describe:

b) Knowledge through personal communication. Describe:

c) Knowledge from published sources. Include known dictionaries, grammars, etc. (please give complete bibliographical references):
   2011. Wunumara Language page. AUSTRALANG. 

   Dousset, Laurent. "Detailed record of the Wanamara" in AusAnthrop: Research and resources on Aboriginal Australia. 

Please return this form to:
