   d) Reason for preferred name:
      Documented as such by Dr. Bowern, AUSTLANG, ATSIDA, and other publications.
   e) Name and approximate population of ethnic group or community who use this language (complete individual language currently in use):
      AUSTLANG has no speaker information, this language is presumably extinct (2011).
   f) Preferred three letter identifier, if available: xyt

Your suggestion will be taken into account, but the Registration Authority will determine the identifier to be proposed. The identifiers is not intended to be an abbreviation for a name of the language, but to serve as a device to identify a given language uniquely. With thousands of languages, many sets of which have similar names, it is not possible to provide identifiers that resemble a language name in every case.

2. TEMPORAL DESCRIPTION and LOCATION
   a) Is this a
