ISO 639-3 Registration Authority
Request for New Language Code Element in ISO 639-3

This form is to be used in conjunction with a “Request for Change to ISO 639-3 Language Code” form

Date: 2011-10-31

Name of Primary Requester: Anthony Aristar, head of the MultiTree Project

E-mail address: multitree at linguistlist dot org

Names, affiliations and email addresses of additional supporters of this request:
Claire Bowern (claire.bowern at yale dot edu)

Associated Change request number : 2012-014 (completed by Registration Authority)
Tentative assignment of new identifier : xbp (completed by Registration Authority)

PLEASE NOTE: This completed form will become part of the public record of this change request and the history of the ISO 639-3 code set. Use Shift-Enter to insert a new line in a form field (where allowed).

1. NAMES and IDENTIFICATION
   a) Preferred name of language for code element denotation:
      Bibbulman
   b) Autonym (self-name) for this language:
   c) Common alternate names and spellings of language, and any established abbreviations:
      Pepelman, Peopleman, Piblemen (misprint in 1940 edition), Bibulman, Bibulmun, Bibu:lmoun, Bibulbmun, Bebleman (MS), Pibilum (means stingray), Bibilum (MS), Meeraman (of Koreng), Murram (of Minang), Bajongwongi (a language name).
   d) Reason for preferred name:
      This is the primary name most widely used in the sources we consulted. Please refer to the citations in the Change Request Form for Bibbulman.
   e) Name and approximate population of ethnic group or community who use this language (complete individual language currently in use):
      Per AUSTLANG, the 2005 estimate of speaker number was 0.
   f) Preferred three letter identifier, if available: xbl

Your suggestion will be taken into account, but the Registration Authority will determine the identifier to be proposed. The identifiers is not intended to be an abbreviation for a name of the language, but to serve as a device to identify a given language uniquely. With thousands of languages, many sets of which have similar names, it is not possible to provide identifiers that resemble a language name in every case.

2. TEMPORAL DESCRIPTION and LOCATION
   a) Is this a □ Living language
      □ Nearly extinct/secondary use only (includes languages in revival)
      ☒ Recently extinct language
      □ Historical language
      □ Ancient language

Request for New Language Code Element in ISO 639-3, page 1
Artificially constructed language

Macrolanguage

(Select one. See explanations of these types at http://www.sil.org/iso639-3/types.asp)

For individual languages, also complete:

b) Countries where used:
   Australia

c) Region within each country: towns, districts, states or provinces where used. Include GPS coordinates of the approximate center of the language, if possible:

   The following geographical information was quoted in AUSTLANG: "was spoken in the area in which Brookton, Northan and Toodyay stand today" (Douglas 1968: 3).

   This additional geographical information was also quoted in the AUSTLANG database: "Lower Blackwood River; chiefly on the hills in country between the Blackwood and Warren rivers; east to Gardner River and Broke Inlet; on Scott River; inland to Manjimup and Bridgetown" (Tindale 1974).

   Dr. Claire Bowern places this language in the following coordinates:
   Latitude: -32.9274613542751
   Longitude: 120.813418118911 (Bowern 2010)

   To view on a map where this is located, please visit Dr. Bowern's website:

d) For an ancient or historical language, give approximate time frame; for a recently extinct language, give the approximate date of the last known user’s death

   According to the Austlang census data, there were 157 people speaking Bibbulman in 1996 and 0 speakers in 2005

3. MODALITY AND LINGUISTIC AFFILIATION

a) This language is: □ Signed       ☒ Spoken       □ Attested only in writings

b) Language family, if classified; origin, if artificially constructed:
   Pama-Nyungan, Nyungar

c) Closest language linguistically. For a Macrolanguage, list the individual languages (adopted and/or proposed) to be included in its group. For signed language, note influence from other signed or spoken languages:
4. LANGUAGE DEVELOPMENT AND USE

a) What written literature, inscriptions or recordings exist in this language? Are there newspapers, radio or television broadcasts, etc.?:
   Tape transcription/field note available in the AIATSIS library.

b) Is this language officially recognized by any level of government? Is it used in any levels of formal education as a language of instruction (for other subjects)? Is it taught in schools?:
   No

c) Comment on factors of ethnolinguistic identity and informal domains of use:
   Unknown
SOURCES OF INFORMATION

You do not need to repeat sources previously identified in the form, “Request for Change to ISO 639-3 Language Code”

a) First-hand knowledge. Describe:

b) Knowledge through personal communication. Describe:

c) Knowledge from published sources. Include known dictionaries, grammars, etc. (please give complete bibliographical references):

Please return this form to:
