Associated Change request number : 2012-077

(completed by Registration Authority)

Tentative assignment of new identifier : xpt

(completed by Registration Authority)

PLEASE NOTE: This completed form will become part of the public record of this change request and the history of the ISO 639-3 code set. Use Shift-Enter to insert a new line in a form field (where allowed).

1. NAMES and IDENTIFICATION

- a) Preferred name of language for code element denotation:
Punthamara
- b) Autonym (self-name) for this language:
- c) Common alternate names and spellings of language, and any established abbreviations:
Bundhamara
- d) Reason for preferred name:
- e) Name and approximate population of ethnic group or community who use this language (complete individual language currently in use):
- f) Preferred three letter identifier, if available: 2ab

Your suggestion will be taken into account, but the Registration Authority will determine the identifier to be proposed. The identifier is not intended to be an abbreviation for a name of the language, but to serve as a device to identify a given language uniquely. With thousands of languages, many sets of which have similar names, it is not possible to provide identifiers that resemble a language name in every case.

2. TEMPORAL DESCRIPTION and LOCATION

- a) Is this a
