1. NAMES and IDENTIFICATION

   a)  Preferred name of language for code element denotation: Dan

   b)  Autonym (self-name) for this language: Dan

   c)  Common alternate names and spellings of language, and any established abbreviations: Yakuba (in Côte d'Ivoir), Gio (in Liberia)

   d)  Reason for preferred name:
       it is the autonym

   e)  Name and approximate population of ethnic group or community who use this language (complete individual language currently in use):
       Dan, up to 1,600,000 speakers

   f)  Preferred three letter identifier, if available: dan

Your suggestion will be taken into account, but the Registration Authority will determine the identifier to be proposed. The identifiers is not intended to be an abbreviation for a name of the language, but to serve as a device to identify a given language uniquely. With thousands of languages, many sets of which have similar names, it is not possible to provide identifiers that resemble a language name in every case.

2. TEMPORAL DESCRIPTION and LOCATION

   a)  Is this a
       ☒ Living language
       ☐ Nearly extinct/secondary use only (includes languages in revival)
       ☐ Recently extinct language
       ☐ Historical language
       ☐ Ancient language
       ☐ Artificially constructed language
       ☐ Macrolanguage
