Request for New Language Code Element in ISO 639-3

This form is to be used in conjunction with a “Request for Change to ISO 639-3 Language Code” form

Date: 2012-4-13

Name of Primary Requester: Anothony Aristar, head of the MultiTree Project

E-mail address: multitree at linguistlist dot org

Names, affiliations and email addresses of additional supporters of this request:
Claire Bowern (claire.bowern at yale dot edu)

Associated Change request number : 2012-138 (completed by Registration Authority)
Tentative assignment of new identifier : ggm (completed by Registration Authority)

PLEASE NOTE: This completed form will become part of the public record of this change request and the history of the ISO 639-3 code set. Use Shift-Enter to insert a new line in a form field (where allowed).

1. NAMES and IDENTIFICATION
   a) Preferred name of language for code element denotation:
      Gugu Mini
   b) Autonym (self-name) for this language:
   c) Common alternate names and spellings of language, and any established abbreviations:
      Kuku-Mini, Gogo Mini, Koko Mini
   d) Reason for preferred name:
      Gugu Mini is the primary name on AUSTLANG [AIATSIS code Y94] and is the preferred name in personal communication from Dr. Claire Bowern (2010).
   e) Name and approximate population of ethnic group or community who use this language (complete individual language currently in use):
      No speakers as of 2012
   f) Preferred three letter identifier, if available: ggm

Your suggestion will be taken into account, but the Registration Authority will determine the identifier to be proposed. The identifiers is not intended to be an abbreviation for a name of the language, but to serve as a device to identify a given language uniquely. With thousands of languages, many sets of which have similar names, it is not possible to provide identifiers that resemble a language name in every case.

2. TEMPORAL DESCRIPTION and LOCATION
   a) Is this a
      □ Living language
      □ Nearly extinct/secondary use only (includes languages in revival)
      X Recently extinct language
      □ Historical language
      □ Ancient language
      □ Artificially constructed language
      □ Macrolanguage

Request for New Language Code Element in ISO 639-3, page 1
For individual languages, also complete:

b) Countries where used:
   Australia

c) Region within each country: towns, districts, states or provinces where used. Include GPS coordinates of the approximate center of the language, if possible:
Rigsby describes the location of Gugu Mini in the following way:
"Gugu Mini is a language name whose reference is shifting, variable and wide-ranging, and that it variably signifies languages situated on the mainland south of Flinders Island all the way south to Normanton" (2005:138).

Dr. Claire Bowern places Gugu Mini in the Australian state of Queensland at the following coordinates:
Latitude: -15.1172991897759
Longitude: 145.810381959456
(2010).

To view on a map where this is located, please visit Dr. Bowern's website:

d) For an ancient or historical language, give approximate time frame; for a recently extinct language, give the approximate date of the last known user’s death
   No speakers as of 2012
