1. NAMES and IDENTIFICATION
   a) Preferred name of language for code element denotation:
      Warramiri
   b) Autonym (self-name) for this language:
      Warramiri
   c) Common alternate names and spellings of language, and any established abbreviations:
      Warramirri, Waramiri
   d) Reason for preferred name:
      Local people and linguists use this name
   e) Name and approximate population of ethnic group or community who use this language (complete individual language currently in use):
      not yet known
   f) Preferred three letter identifier, if available: wmr

Your suggestion will be taken into account, but the Registration Authority will determine the identifier to be proposed. The identifiers is not intended to be an abbreviation for a name of the language, but to serve as a device to identify a given language uniquely. With thousands of languages, many sets of which have similar names, it is not possible to provide identifiers that resemble a language name in every case.

2. TEMPORAL DESCRIPTION and LOCATION
   a) Is this a ☑ Living language
      ☐ Nearly extinct/secondary use only (includes languages in revival)
