ISO 639-3 Registration Authority
Request for New Language Code Element in ISO 639-3

This form is to be used in conjunction with a “Request for Change to ISO 639-3 Language Code” form
Date: 2013-8-12
Name of Primary Requester: Joseph Brooks
E-mail address: josephdbrooks at umail dot ucsb dot edu

Names, affiliations and email addresses of additional supporters of this request:
-

Associated Change request number : 2013-029 (completed by Registration Authority)
Tentative assignment of new identifier : gmg (completed by Registration Authority)

PLEASE NOTE: This completed form will become part of the public record of this change request and the history of the ISO 639-3 code set. Use Shift-Enter to insert a new line in a form field (where allowed).

1. NAMES and IDENTIFICATION
   a) Preferred name of language for code element denotation:
      Mağiyyi
   b) Autonym (self-name) for this language:
      Mağiyyi [maɣɨyi]
   c) Common alternate names and spellings of language, and any established abbreviations:
      N/A
   d) Reason for preferred name:
      Mağiyyi is the autonymic form of the language and there is no other known name used to refer to this language.
   e) Name and approximate population of ethnic group or community who use this language (complete individual language currently in use):
      unknown
   f) Preferred three letter identifier, if available: may

Your suggestion will be taken into account, but the Registration Authority will determine the identifier to be proposed. The identifiers is not intended to be an abbreviation for a name of the language, but to serve as a device to identify a given language uniquely. With thousands of languages, many sets of which have similar names, it is not possible to provide identifiers that resemble a language name in every case.

2. TEMPORAL DESCRIPTION and LOCATION
   a) Is this a ☒ Living language
      ☐ Nearly extinct/secondary use only (includes languages in revival)
      ☐ Recently extinct language
      ☐ Historical language
      ☐ Ancient language
      ☐ Artificially constructed language
      ☐ Macrolanguage
(Select one. See explanations of these types at http://www.sil.org/iso639-3/types.asp)

For individual languages, also complete:

b) Countries where used:
   Papua New Guinea

c) Region within each country: towns, districts, states or provinces where used. Include GPS coordinates of the approximate center of the language, if possible:
   Vguvindi village, Middle Ramu District, Madang Province

d) For an ancient or historical language, give approximate time frame; for a recently extinct language, give the approximate date of the last known user’s death

3. MODALITY AND LINGUISTIC AFFILIATION

a) This language is: [ ] Signed [x] Spoken [ ] Attested only in writings

b) Language family, if classified; origin, if artificially constructed:
   Trans-New Guinea > Madang > Southern Adelbert Range > Josephstaal

c) Closest language linguistically. For a Macrolanguage, list the individual languages (adopted and/or proposed) to be included in its group. For signed language, note influence from other signed or spoken languages:
   Mum [kqa]

4. LANGUAGE DEVELOPMENT AND USE

a) What written literature, inscriptions or recordings exist in this language? Are there newspapers, radio or television broadcasts, etc.?:
   None

b) Is this language officially recognized by any level of government? Is it used in any levels of formal education as a language of instruction (for other subjects)? Is it taught in schools?:
   No

c) Comment on factors of ethnolinguistic identity and informal domains of use:
   Unknown
**SOURCES OF INFORMATION**

You do not need to repeat sources previously identified in the form, “Request for Change to ISO 639-3 Language Code”

a) First-hand knowledge. Describe:
   In summer 2012 I met a speaker of Magiyi and recorded a short text as well as a short wordlist in his language. See attached pdf of wordlist.

b) Knowledge through personal communication. Describe:

c) Knowledge from published sources. Include known dictionaries, grammars, etc. (please give complete bibliographical references):
   The two main sources of information on the languages of the various subgroups of the Southern Adelbert Range languages do not include any language which corresponds to Magiyi. These are:
