(completed by Registration Authority)

PLEASE NOTE: This completed form will become part of the public record of this change request and the history of the ISO 639-3 code set. Use Shift-Enter to insert a new line in a form field (where allowed).

### 1. NAMES and IDENTIFICATION

a) Preferred name of language for code element denotation:

‡Ungkue

b) Autonym (self-name) for this language:

c) Common alternate names and spellings of language, and any established abbreviations:

‖Kxau

d) Reason for preferred name:

more common in current literature

e) Name and approximate population of ethnic group or community who use this language (complete individual language currently in use):

f) Preferred three letter identifier, if available: gku

Your suggestion will be taken into account, but the Registration Authority will determine the identifier to be proposed. The identifiers is not intended to be an abbreviation for a name of the language, but to serve as a device to identify a given language uniquely. With thousands of languages, many sets of which have similar names, it is not possible to provide identifiers that resemble a language name in every case.

### 2. TEMPORAL DESCRIPTION and LOCATION

- a) Is this a
