b) Is this language officially recognized by any level of government? Is it used in any levels of formal education as a language of instruction (for other subjects)? Is it taught in schools?:
   No, the language does not enjoy any legal or juridical recognition. It is not, therefore, used either as administrative language nor in school education.

c) Comment on factors of ethnolinguistic identity and informal domains of use:
   Although falling within the boundaries of the region of Puglia, Salento is a territory other
