1. NAMES and IDENTIFICATION
   a) Preferred name of language for code element denotation:
      Gyalsumdo
   b) Autonym (self-name) for this language:
   c) Common alternate names and spellings of language, and any established abbreviations:
   d) Reason for preferred name:
      This name is that given by Hildebrandt and Perry, based on the fieldwork they conducted in the language.
   e) Name and approximate population of ethnic group or community who use this language (complete individual language currently in use):
      Gyalsumdo , around 200 speakers (?) according to Hildebrandt and Perry
   f) Preferred three letter identifier, if available:

Your suggestion will be taken into account, but the Registration Authority will determine the identifier to be proposed. The identifiers is not intended to be an abbreviation for a name of the language, but to serve as a device to identify a given language uniquely. With thousands of languages, many sets of which have similar names, it is not possible to provide identifiers that resemble a language name in every case.

2. TEMPORAL DESCRIPTION and LOCATION
   a) Is this a
      ☑ Living language
      ☐ Nearly extinct/secondary use only (includes languages in revival)
      ☐ Recently extinct language
      ☐ Historical language
      ☐ Ancient language
      ☐ Artificially constructed language
