This form is to be used in conjunction with a “Request for Change to ISO 639-3 Language Code” form
Date: 2017-5-2
Name of Primary Requester: Valentin Vydrin
E-mail address: vydrine at gmail dot com

Names, affiliations and email addresses of additional supporters of this request:
Anna Maloletnyaya, National Research University Higher School of Economics, Moscow (M.A. student)

Associated Change request number: 2017-019 (completed by Registration Authority)
Tentative assignment of new identifier: gnj (completed by Registration Authority)

PLEASE NOTE: This completed form will become part of the public record of this change request and the history of the ISO 639-3 code set. Use Shift-Enter to insert a new line in a form field (where allowed).

1. NAMES and IDENTIFICATION

   a) Preferred name of language for code element denotation:
      Ngen

   b) Autonym (self-name) for this language:
      Ngen

   c) Common alternate names and spellings of language, and any established abbreviations:

   d) Reason for preferred name:
      is the autonym

   e) Name and approximate population of ethnic group or community who use this language (complete individual language currently in use):
      Ngen, 765 speakers

   f) Preferred three letter identifier, if available: nge

Your suggestion will be taken into account, but the Registration Authority will determine the identifier to be proposed. The identifiers is not intended to be an abbreviation for a name of the language, but to serve as a device to identify a given language uniquely. With thousands of languages, many sets of which have similar names, it is not possible to provide identifiers that resemble a language name in every case.

2. TEMPORAL DESCRIPTION and LOCATION

   a) Is this a
      ☒ Living language
      ☐ Nearly extinct/secondary use only (includes languages in revival)
      ☐ Recently extinct language
      ☐ Historical language
      ☐ Ancient language
      ☐ Artificially constructed language
      ☐ Macrolanguage

Request for New Language Code Element in ISO 639-3, page 1
(Select one. See explanations of these types at http://www.sil.org/iso639-2D3/types.asp)

For individual languages, also complete:

b) Countries where used:
   Côte d'Ivoire

c) Region within each country: towns, districts, states or provinces where used. Include GPS
coordinates of the approximate center of the language, if possible:
   Djonkro village, the department of M'Bahiakro, Coordinate: 7.7917284, -3.9877321

d) For an ancient or historical language, give approximate time frame; for a recently extinct language,
give the approximate date of the last known user’s death

3. MODALITY AND LINGUISTIC AFFILIATION
   
   a) This language is: □ Signed  ☑ Spoken  □ Attested only in writings

   b) Language family, if classified; origin, if artificially constructed:
      South Mande < Mande

   c) Closest language linguistically. For a Macrolanguage, list the individual languages (adopted and/or
      proposed) to be included in its group. For signed language, note influence from other signed or
      spoken languages:
      Beng

4. LANGUAGE DEVELOPMENT AND USE
   
   a) What written literature, inscriptions or recordings exist in this language? Are there newspapers,
      radio or television broadcasts, etc.:?
      none

   b) Is this language officially recognized by any level of government? Is it used in any levels of formal
      education as a language of instruction (for other subjects)? Is it taught in schools?:
      no

   c) Comment on factors of ethnolinguistic identity and informal domains of use:
      Nearly all speakers of Ngen are bilingual in Ando (a dialect of Baoule), many of them also
      speak Jula; some ethnic Ngen do not speak the Ngen language any more. Ngen is
      gradually lost by younger generations and is therefore endangered.
