Associated Change request number : 2017-030 (completed by Registration Authority)
Tentative assignment of new identifier : nzd (completed by Registration Authority)

PLEASE NOTE: This completed form will become part of the public record of this change request and the history of the ISO 639-3 code set. Use Shift-Enter to insert a new line in a form field (where allowed).

1. NAMES and IDENTIFICATION
   a) Preferred name of language for code element denotation: Nzadi
   b) Autonym (self-name) for this language: indzéé
   c) Common alternate names and spellings of language, and any established abbreviations: none known
   d) Reason for preferred name: Nzadi is the name used in publications on the language
   e) Name and approximate population of ethnic group or community who use this language (complete individual language currently in use): Nzadi; population “some thousands” — precise figure not known
   f) Preferred three letter identifier, if available: nzd

Your suggestion will be taken into account, but the Registration Authority will determine the identifier to be proposed. The identifiers is not intended to be an abbreviation for a name of the language, but to serve as a device to identify a given language uniquely. With thousands of languages, many sets of which have similar names, it is not possible to provide identifiers that resemble a language name in every case.

2. TEMPORAL DESCRIPTION and LOCATION
   a) Is this a
      ☑ Living language
      ☐ Nearly extinct/secondary use only (includes languages in revival)
      ☐ Recently extinct language
      ☐ Historical language
      ☐ Ancient language
