PLEASE NOTE: This completed form will become part of the public record of this change request and the history of the ISO 639-3 code set. Use Shift-Enter to insert a new line in a form field (where allowed).

1. NAMES and IDENTIFICATION

a) Preferred name of language for code element denotation:
Nka

b) Autonym (self-name) for this language:
Nka

c) Common alternate names and spellings of language, and any established abbreviations:
Aninka, Sanga

d) Reason for preferred name:
The people prefer it because it is the name they use to refer to their own language

e) Name and approximate population of ethnic group or community who use this language (complete individual language currently in use):
Aninka people; population approximately 500

f) Preferred three letter identifier, if available: nka

Your suggestion will be taken into account, but the Registration Authority will determine the identifier to be proposed. The identifiers is not intended to be an abbreviation for a name of the language, but to serve as a device to identify a given language uniquely. With thousands of languages, many sets of which have similar names, it is not possible to provide identifiers that resemble a language name in every case.

2. TEMPORAL DESCRIPTION and LOCATION

a) Is this a

☒ Living language
☐ Nearly extinct/secondary use only (includes languages in revival)
☐ Recently extinct language
☐ Historical language
☐ Ancient language
☐ Artificially constructed language
☐ Macrolanguage

Request for New Language Code Element in ISO 639-3, page 1
(Select one. See explanations of these types at http://www.sil.org/iso639-2d3/types.asp)

For individual languages, also complete:

b) Countries where used:
   Nigeria

c) Region within each country: towns, districts, states or provinces where used. Include GPS
   coordinates of the approximate center of the language, if possible:
   Kaduna State, Sanga local government area

d) For an ancient or historical language, give approximate time frame; for a recently extinct language,
   give the approximate date of the last known user’s death

3. MODALITY AND LINGUISTIC AFFILIATION

   a) This language is: ☑ Signed ☑ Spoken ☐ Attested only in writings

   b) Language family, if classified; origin, if artificially constructed:
      Niger-Congo, Atlantic-Congo, Volta-Congo, Benue-Congo, Plateau, Western, Southwestern, A

   c) Closest language linguistically. For a Macrolanguage, list the individual languages (adopted and/or
      proposed) to be included in its group. For signed language, note influence from other signed or
      spoken languages:
      Numana

4. LANGUAGE DEVELOPMENT AND USE

   a) What written literature, inscriptions or recordings exist in this language? Are there newspapers,
      radio or television broadcasts, etc.?:
      n/a

   b) Is this language officially recognized by any level of government? Is it used in any levels of formal
      education as a language of instruction (for other subjects)? Is it taught in schools?:
      Nka is not used in schools; it has historically been considered a dialect of Numana, but
      should be considered a separate language.

   c) Comment on factors of ethnolinguistic identity and informal domains of use:
      The Aninka people say that they are not Numana, that they are a different ethnic group
      with a different language. Nka language was said to be spoken throughout all domains of
      the community, including in the home between parents and children. Observations made
      by the survey team confirm that all age groups are using the Nka language.
