ISO 639-3 Registration Authority
Request for New Language Code Element in ISO 639-3

This form is to be used in conjunction with a “Request for Change to ISO 639-3 Language Code” form
Date: 2020-8-3
Name of Primary Requester: Yutaka Osugi
E-mail address: osugi at a dot tsukuba-tech dot ac dot jp

Names, affiliations and email addresses of additional supporters of this request:
Uiko Yano, Asia-Pacific Sign Language Development Association, apsda.yano at gmail dot com
Ted Supalla, Georgetown University, ted.supalla at georgetown dot edu

Associated Change request number : 2020-027 (completed by Registration Authority)
Tentative assignment of new identifier : jks (completed by Registration Authority)

PLEASE NOTE: This completed form will become part of the public record of this change request and the history of the ISO 639-3 code set. Use Shift-Enter to insert a new line in a form field (where allowed).

1. NAMES and IDENTIFICATION
   a) Preferred name of language for code element denotation:
      Amami Koniya Sign Language
   b) Autonym (self-name) for this language:
   c) Common alternate names and spellings of language, and any established abbreviations:
      Amami-Oshima Shuwa
   d) Reason for preferred name:
      Language originated in Koniya, a town on Amami Island.
   e) Name and approximate population of ethnic group or community who use this language (complete individual language currently in use):
      One family with several deaf members and their friends and associates in Koniya town, Amami island, Kagoshima prefecture, Japan. Currently nearly extinct, with only four deaf family members left. Maximum number of users at any one time was approximately twenty.
   f) Preferred three letter identifier, if available: jks

Your suggestion will be taken into account, but the Registration Authority will determine the identifier to be proposed. The identifiers is not intended to be an abbreviation for a name of the language, but to serve as a device to identify a given language uniquely. With thousands of languages, many sets of which have similar names, it is not possible to provide identifiers that resemble a language name in every case.

2. TEMPORAL DESCRIPTION and LOCATION
   a) Is this a
      ☒ Living language
      ☑ Nearly extinct/secondary use only (includes languages in revival)
      ☐ Recently extinct language
      ☐ Historical language

Request for New Language Code Element in ISO 639-3, page 1
Ancient language

Artificially constructed language

Macrolanguage

(Select one. See explanations of these types at http://www.sil.org/iso639-3/types.asp)

For individual languages, also complete:
b) Countries where used:
   Japan

c) Region within each country: towns, districts, states or provinces where used. Include GPS coordinates of the approximate center of the language, if possible:
   Koniya town, Amami island, Kyushu region (Amami Islands), Kagoshima Prefecture, Oshima district. Approximately 28.155767 129.319911

d) For an ancient or historical language, give approximate time frame; for a recently extinct language, give the approximate date of the last known user’s death

3. MODALITY AND LINGUISTIC AFFILIATION
   a) This language is: ☑ Signed ☐ Spoken ☐ Attested only in writings
   b) Language family, if classified; origin, if artificially constructed:
      isolate
   c) Closest language linguistically. For a Macrolanguage, list the individual languages (adopted and/or proposed) to be included in its group. For signed language, note influence from other signed or spoken languages:
      No influence from any spoken and signed languages

4. LANGUAGE DEVELOPMENT AND USE
   a) What written literature, inscriptions or recordings exist in this language? Are there newspapers, radio or television broadcasts, etc.?:
      none
   b) Is this language officially recognized by any level of government? Is it used in any levels of formal education as a language of instruction (for other subjects)? Is it taught in schools?:
      no formal recognition or use
   c) Comment on factors of ethnolinguistic identity and informal domains of use:
      Centered around one family with several deaf members, with their friends, neighbors and associates.
SOURCES OF INFORMATION

You do not need to repeat sources previously identified in the form, “Request for Change to ISO 639-3 Language Code”

a) First-hand knowledge. Describe:
   see change request

b) Knowledge through personal communication. Describe:

c) Knowledge from published sources. Include known dictionaries, grammars, etc. (please give complete bibliographical references):
   see change request

Please return this form to:
ISO 639-3 Registrar
SIL International, Office of Language Information Systems
7500 West Camp Wisdom Road
Dallas, Texas 75236 USA
Email: iso639-3@sil.org
An email attachment of this completed form is preferred.

Further information:
If your request for a new language code element is supported by the Registration Authority as a formal proposal, you may be contacted separately by researchers working with the Ethnologue or with LinguistList asking you to provide additional information.
