Comments received for
ISO 639-3 Change Request
2020-045

Outcome: Rejected
Effective date: January 15, 2021
Registration Authority decision on Change Request no. 2020-045: to identify the new language Las Delicias Zapotec [zcd].

The request to assign a code element for the new language Las Delicias Zapotec is rejected. The request to identify the new language came with few supporting documents, and references in the request did not provide any linguistic evidence that the proposed language is substantially different from neighboring Zapotec languages. The Registration Authority looked for additional linguistic information on the language, and could not identify any that related to this language. Because of the lack of evidence for the non-intelligibility or substantial linguistic difference of Las Delicias Zapotec with other Zapotec languages, the request to create a new code element [zcd] for Las Delicias Zapotec is rejected.
