PLEASE NOTE: This completed form will become part of the public record of this change request and the history of the ISO 639-3 code set. Use Shift-Enter to insert a new line in a form field (where allowed).

1. NAMES and IDENTIFICATION
   a) Preferred name of language for code element denotation: Nafusi

   b) Autonym (self-name) for this language: Tanfusit

   c) Common alternate names and spellings of language, and any established abbreviations: Djebel Nefoussa, Djebel Nefusa, Jebel Nafoussa, Jebel Nefousa, Nefousi, Nafousa

   d) Reason for preferred name: It appears to be the standard name for this language in the literature.

   e) Name and approximate population of ethnic group or community who use this language (complete individual language currently in use): Nafusi; 200,000 (Kossmann 2013)

   f) Preferred three letter identifier, if available: nfi

Your suggestion will be taken into account, but the Registration Authority will determine the identifier to be proposed. The identifiers is not intended to be an abbreviation for a name of the language, but to serve as a device to identify a given language uniquely. With thousands of languages, many sets of which have similar names, it is not possible to provide identifiers that resemble a language name in every case.

2. TEMPORAL DESCRIPTION and LOCATION
   a) Is this a xx Living language
      □ Nearly extinct/secondary use only (includes languages in revival)
      □ Recently extinct language
      □ Historical language
      □ Ancient language
