1. NAMES and IDENTIFICATION

   a) Preferred name of language for code element denotation:
      Benamanga

   b) Autonym (self-name) for this language:

   c) Common alternate names and spellings of language, and any established abbreviations:
      Kibenamanga

   d) Reason for preferred name:
      the name of the language community

   e) Name and approximate population of ethnic group or community who use this language (complete individual language currently in use):
      60,000

   f) Preferred three letter identifier, if available: kbm

Your suggestion will be taken into account, but the Registration Authority will determine the identifier to be proposed. The identifiers is not intended to be an abbreviation for a name of the language, but to serve as a device to identify a given language uniquely. With thousands of languages, many sets of which have similar names, it is not possible to provide identifiers that resemble a language name in every case.

2. TEMPORAL DESCRIPTION and LOCATION
